ILAYANILA M

Senior UX Designer & AI UX Engineer

Chennai, India | +91 9524349814
Email: ilayanilauiux@gmail.com
Portfolio: ilayanila-ux.vercel.app | LinkedIn: linkedin.com/in/ilayanila-m-350384196
Relocation Readiness: UK, Ireland, Canada, USA, Europe, UAE

PROFESSIONAL SUMMARY

Strategic Senior UX Designer and AI UX Engineer with over 8 years of specialized experience architecting enterprise SaaS, fintech, and complex logistics ecosystems. Currently leading end-to-end AI transformation and 0-1 product strategy at Simplify VMS—pioneering the migration of complex legacy enterprise systems into intelligent, AI-first native products with advanced agentic workflows and human-in-the-loop (HitL) validation loops. Contributed core design architecture that helped power product recognition as a Star Performer / Leader in the Everest Group Peak Matrix assessment. Proven mastery in bridging deep technical engineering frameworks with human-centric design, scaling enterprise design systems, and directing cross-functional teams to drive measurable business growth.

CORE COMPETENCIES & ATS KEYWORD TAXONOMY

AI Engineering & Product Paradigms: AI Transformation, AI-First Native Products, 0-1 Product Strategy, Agentic Workflows, Human-in-the-Loop (HitL) Systems, Explainable AI (XAI), Hallucination Mitigation, Trust Mechanics, Autonomous Assistants.

User Research & Product Strategy: Quantitative & Qualitative Research, Usability Testing, Heuristic Evaluations, UX Audits, Persona Development, Ecosystem Mapping, User Journey Mapping, Behavioral Funnel Analysis, A/B Testing, Product Discovery.

Leadership & Agile Delivery: Cross-Functional Team Leadership, Design Mentorship, Stakeholder Management, Enterprise Requirements Gathering, Agile/Scrum Frameworks, Design Sprints, Design Operations (Ops).

UX Architecture & Interaction Design: Enterprise SaaS Architecture, Legacy Modernization, Reverse Engineering, Information Architecture, Complex Data-Dense Dashboards, Interaction Design, Responsive Multi-Platform Design, Wireframing, High-Fidelity Prototyping.

Design Systems & Governance: Enterprise Design Systems, Atomic Design Methodology, Component Libraries, Design Tokens, Design-to-Development Handoff Governance, WCAG 2.1 AA/AAA Accessibility Compliance, Inclusive Design.

Design & Prototyping Tech Stack: Figma (Advanced/Variables/Tokens), Claude, Cursor, Vercel, Lovable, Framer, Miro, Adobe XD, Adobe Photoshop (PS), Adobe After Effects, GitHub, Jira, InVision, Sketch.

PROFESSIONAL EXPERIENCE

Senior UX Designer & AI UX Engineer — **Simplify VMS** (Product-Based Enterprise SaaS) **Nov 2024 – Present**

- Spearheaded end-to-end 0-1 product design and enterprise AI transformation, architecting the systematic migration of complex legacy workforce workflows into high-performance, AI-first native products featuring intuitive agentic interfaces.
- Contributed pivotal UX architecture and design governance that directly contributed to the platform's official recognition as a Star Performer and Leader in the Everest Group Peak Matrix assessment.
- Architected advanced, explainable, and overridable AI-native interaction models—including automated candidate screening, intelligent vendor ranking, and conversational interview copilots—embedded with robust safety guardrails and confidence transparency metrics.
- Leveraged cutting-edge AI prototyping and engineering tools (Claude, Cursor, Vercel, Lovable, Framer) to rapidly build, test, and iterate functional frontend prototypes, radically collapsing engineering alignment cycles and accelerating feature time-to-market by 40%.
- Directed end-to-end UX strategy for core enterprise features, managing, recruiting, and mentoring an internal team of product designers while running rigorous cross-functional design reviews to ensure elite brand cohesion.
- Engineered and scaled centralized enterprise design systems and modular tokenized component libraries in **Figma**, establishing seamless design-to-development handoffs with engineering squads.
- Enforced rigorous accessibility standards across all interface components, ensuring 100% compliance with **WCAG 2.1 AA** guidelines for global enterprise inclusivity.

Senior UI/UX Designer — **DreamOrbit Softech Pvt Ltd** (Bangalore) **Dec 2021 – Oct 2024**

- Delivered mission-critical, user-centric design solutions and complex data-dense analytics dashboards for high-growth Fintech and Global Logistics ecosystems. Key enterprise client portfolio: **TransUnion CIBIL, Axis Bank, Equifax, CRIF Connect, Leadspeed, and Portfolio BI**.
- Led executive-level client discovery sessions and stakeholder workshops, successfully translating complex regulatory and functional business requirements into intuitive, streamlined user flows and information architecture.
- Synthesized extensive qualitative user interviews and quantitative telemetry data to establish precise user personas, ecosystem blueprints, and interactive wireframes that directly shaped core product roadmaps.
- Mentored junior designers, fostered a high-performance design culture, and instituted standardized component libraries across distributed engineering teams.

UI/UX Designer — **4i Apps Solutions Private Limited** (Chennai) **Mar 2021 – Aug 2021**

- Conducted comprehensive user research initiatives, including structured stakeholder interviews and moderated usability testing sessions, to isolate and resolve critical workflow friction points.
- Designed accessible, visually polished enterprise interfaces utilizing **Figma, Adobe XD, and Photoshop**, ensuring strict alignment with established corporate brand guidelines.
- Continuously optimized product interaction layouts based on real-world user behavior metrics and usage telemetry.

UI/UX Designer — **Realtekh Software Services Pvt Ltd** (Chennai) **Sep 2019 – Feb 2021**

- Collaborated within agile product squads across EdTech, E-commerce, and SaaS verticals, applying systematic design thinking methodologies to convert ambiguous user requirements into elegant digital experiences.
- Produced detailed wireframes, dynamic user flows, and high-fidelity interactive mockups for web and mobile platforms using **Figma, Sketch, and Miro**.

UI Designer — **Anoushka Commodities Private Limited** (Chennai) **July 2017 – Sep 2019**

- Translated complex financial client briefs into structured low-fidelity wireframes and clear visual hierarchies.
- Developed premium high-fidelity mockups incorporating refined visual design, typography systems, and motion assets using **Photoshop and After Effects**.

EDUCATION & PROFESSIONAL CERTIFICATIONS

FORMAL EDUCATION

B.E. Mechanical Engineering 2013 – 2017
RRASE College of Engineering, Anna University, Chennai

UX & DESIGN CERTIFICATIONS

UX Design Thinking (Alan Cooper)
Master Digital Product Design
UX Research & Usability Analysis
